

# 2016-06-28 Meeting notes

## Date

28 Jun 2016

## Attendees

- Anthony J. Bargnesi

## Updates

Tony

- Release of `bel_parser` (1.0.5) and `bel.rb` (1.0.1). BEL 1.0 and 2.0 have been implemented into `bel_parser`. `bel.rb` now depends on `bel_parser` for BEL expressions and Nanopub translation.
- Release of OpenBEL API (1.0.1) with support for using a configured BEL specification (1.0 specification, 2.0 specification).
- Published BEL Navigator (Cytoscape app to explore KAMs) to the Cytoscape app store. Currently awaiting review but should be available for installation today.
